

# Hello World

## Overview

In the lesson you will learn how to use the PRINT command to display "HELLO WORLD" on the screen.

## New command

### PRINT

## Instructions

1. Have the students type `PRINT "HELLO WORLD"` in the code box.
2. Explain that PRINT tells the computer to display the text inside the quotes on the screen when the program is ran.
3. Tell the students to press the RUN button.
4. Let the experiment by changing the text and adding additional PRINT commands.
5. Aske the students to explain what the erase command does.

## Code listing

```
PRINT "HELLO WORLD"
```
